

Proposal for

Mobile Application Design and Prototype

Respected Representative of Ace Technics

I hope this message finds you in a good condition. We are excited to share our comprehensive proposal for Mobile application Design and Prototype, tailored to your specific requirements.

Project Details:

1. Mobile APP Screens:

Mobile app screens will contain design of eight to ten screens and menus.

2. Initial Mockups:

Initial Mockups will contain detailed mockups of app's eight to ten screens and menus.

3. Interactive Prototype:

Interactive prototype will mimic the UX of final app to demonstrate how the user will interact with the final version

Timeline: The estimated project timeline is one week.

Cost: The total cost for the design and prototype of mobile application is 70,000 PKR. However it is negotiable.

Acceptance:

We believe this proposal aligns perfectly with your requirements for a mobile application prototype. If you have any question or further clarifications, please do not hesitate to contact us. We request your formal acceptance to proceed with the project.

We look forward to the opportunity to work with you.

Sincerely
